FOR IMMEDIATE RELEASE

Melco Announces Record Adjusted Property EBITDA in the Fourth Quarter 2018, Share Repurchase and Increase in Quarterly Dividend to US\$0.1551 per ADS

Macau, Tuesday, February 19, 2019 – Melco Resorts & Entertainment Limited (Nasdaq: MLCO) (“Melco” or the “Company”), a developer, owner and operator of casino gaming and entertainment casino resort facilities in Asia, today reported its unaudited financial results for the fourth quarter and full year ended December 31, 2018.

Net revenue for the fourth quarter of 2018 was US\$1,396.5 million, representing an increase of approximately 5% from US\$1,332.6 million for the comparable period in 2017. The increase in net revenue was primarily attributable to higher group-wide rolling chip and mass market table games gross gaming revenues, partially offset by higher commissions reported as a reduction in revenue upon the Company’s adoption of a new revenue recognition standard issued by the Financial Accounting Standards Board (the “New Revenue Standard”). The Company adopted the New Revenue Standard on January 1, 2018 under the modified retrospective method. Results for the periods beginning on or after January 1, 2018 are presented under the New Revenue Standard, while prior year amounts are not adjusted and continue to be reported in accordance with the previous basis. Under the previous basis, before the adoption of the New Revenue Standard, net revenue for the fourth quarter of 2018 would have been US\$1,497.7 million, which would have represented an increase of approximately 12% from the US\$1,332.6 million for the comparable period in 2017.

Operating income for the fourth quarter of 2018 was US\$204.0 million, compared with operating income of US\$129.0 million in the fourth quarter of 2017, representing an increase of 58%.

Adjusted property EBITDA⁽¹⁾ was US\$425.2 million for the fourth quarter of 2018, as compared to Adjusted property EBITDA of US\$339.8 million in the fourth quarter of 2017, representing an increase of 25%. The increase in Adjusted property EBITDA was mainly attributable to better performance in the group-wide rolling chip and mass market table games segments.

Net income attributable to Melco Resorts & Entertainment Limited for the fourth quarter of 2018 was US\$128.0 million, or US\$0.27 per ADS, compared with US\$81.2 million, or US\$0.17 per ADS, in the fourth quarter of 2017. The net income attributable to noncontrolling interests during the fourth quarter of 2018 was US\$2.2 million and the net loss attributable to noncontrolling interests during the fourth quarter of 2017 was US\$9.8 million, both of which were related to Studio City and City of Dreams Manila.

Mr. Lawrence Ho, our Chairman and Chief Executive Officer, commented, “Opening of the iconic, award-winning Morpheus, and the continued robust growth in Macau’s mass gaming market have allowed Melco to deliver record-level Property EBITDA despite the challenging macro environment.

“Melco’s dedication to excellence has been widely recognized, most recently by the Michelin Guide 2019 with the Company remaining as the leading integrated resort operator in the world with the most Michelin-starred restaurants. We are extremely proud to achieve a record-breaking milestone with six of Melco’s signature restaurants being awarded with a total of ten Michelin Stars. That includes Alain Ducasse at Morpheus, which was awarded with two Michelin Stars in less than six months after opening, and Jade Dragon in City of Dreams, which was awarded with three Michelin Stars.

“The opening of Morpheus only marks the beginning of the relaunch of City of Dreams. On top of that, we have recently unveiled the significantly upgraded VIP gaming spaces on the second floor of City of Dreams. Rolling refurbishment of Nüwa will also soon commence with the upgraded hotel rooms expected to come online over the next eighteen months.

“In January, the Macau government authorized Melco to operate 40 additional gaming tables at City of Dreams. We are sincerely thankful of the Macau government for its consideration and approval of our gaming table application.

“At Studio City, we continue to enhance the entertainment offerings with a series of property upgrades, which include the recent launch of the world’s most electrifying stunt show – Elekron. Earlier in January, we also opened the pop-up ‘Legend Heroes Park’, paving way for the opening of the permanent venue later in the year. Lastly, the ‘Flip Out’ Trampoline Park is expected to open in the first half of 2019.

“In the Philippines, City of Dreams Manila delivered another solid quarter underpinned by robust mass gaming revenue growth.

“The Board has, after evaluating the Company’s current liquidity position and future expected capital needs, decided to increase the quarterly cash dividend by 7% to US\$0.0517 per ordinary share, which is equivalent to US\$0.1551 per ADS, from the previous quarterly dividend of US\$0.04835 per ordinary share. Since our third quarter results announcement, the Company has also repurchased approximately 10 million ADSs, worth approximately US\$165 million, under the US\$500 million share repurchase program the Company announced in November 2018.

“Lastly, Japan continues to be a core focus for us. We expect development of the next generation of integrated resorts to soon commence in this incredibly exciting, yet currently underpenetrated, tourism destination. With our focus on the Asian premium segment, high quality assets, dedication to world-class entertainment offerings, market-leading social safeguards and compliance culture, and our commitment to being an ideal partner to local governments and communities alike, we believe Melco is in a strong position to help Japan realize the vision for integrated resort development with a unique Japanese touch.”

The Company adopted the New Revenue Standard on January 1, 2018 under the modified retrospective method. Results for the periods beginning on or after January 1, 2018 are presented under the New Revenue Standard, while prior year amounts are not adjusted and continue to be reported in accordance with the previous basis. Under the previous basis, before the adoption of the New Revenue Standard, net revenue for 2018 would have been US\$5.6 billion, which would have represented an increase of approximately 5% from the US\$5.3 billion for 2017.

Safe Harbor Statement

This press release contains forward-looking statements. These statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. Melco Resorts & Entertainment Limited (the “Company”) may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the “SEC”), in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about the Company’s beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties, and a number of factors could cause actual results to differ materially from those contained in any forward-looking statement. These factors include, but are not limited to, (i) growth of the gaming market and visitations in Macau and the Philippines, (ii) capital and credit market volatility, (iii) local and global economic conditions, (iv) our anticipated growth strategies, (v) gaming authority and other governmental approvals and regulations, and (vi) our future business development, results of operations and financial condition. In some cases, forward-looking statements can be identified by words or phrases such as “may”, “will”, “expect”, “anticipate”, “target”, “aim”, “estimate”, “intend”, “plan”, “believe”, “potential”, “continue”, “is/are likely to” or other similar expressions. Further information regarding these and other risks, uncertainties or factors is included in the Company’s filings with the SEC. All information provided in this press release is as of the date of this press release, and the Company undertakes no duty to update such information, except as required under applicable law.

Non-GAAP Financial Measures

- (1) “Adjusted EBITDA” is earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and other, share-based compensation, payments to the Philippine parties under the cooperative arrangement (the “Philippine Parties”), land rent to Belle Corporation and other non-operating income and expenses. “Adjusted property EBITDA” is earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and other, share-based compensation, payments to the Philippine Parties, land rent to Belle Corporation, Corporate and Other expenses and other non-operating income and expenses. Adjusted EBITDA and adjusted property EBITDA are presented exclusively as supplemental disclosures because management believes they are widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses adjusted EBITDA and adjusted property EBITDA as measures of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents adjusted EBITDA and adjusted property EBITDA because they are used by some investors as ways to measure a company’s ability to incur and service debt, make capital expenditures, and meet working capital requirements. Gaming companies have historically reported adjusted EBITDA and adjusted property EBITDA as supplements to financial measures in accordance with U.S. GAAP. However, adjusted EBITDA and adjusted property EBITDA should not be

considered as alternatives to operating income as indicators of the Company's performance, as alternatives to cash flows from operating activities as measures of liquidity, or as alternatives to any other measure determined in accordance with U.S. GAAP. Unlike net income, adjusted EBITDA and adjusted property EBITDA do not include depreciation and amortization or interest expense and, therefore, do not reflect current or future capital expenditures or the cost of capital. The Company compensates for these limitations by using adjusted EBITDA and adjusted property EBITDA as only two of several comparative tools, together with U.S. GAAP measurements, to assist in the evaluation of operating performance.

Such U.S. GAAP measurements include operating income, net income, cash flows from operations and cash flow data. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other recurring and nonrecurring charges, which are not reflected in adjusted EBITDA or adjusted property EBITDA. Also, the Company's calculation of adjusted EBITDA and adjusted property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited. Reconciliations of adjusted EBITDA and adjusted property EBITDA with the most comparable financial measures calculated and presented in accordance with U.S. GAAP are provided herein immediately following the financial statements included in this press release.

- (2) "Adjusted net income" is net income before pre-opening costs, development costs, property charges and other, loss on extinguishment of debt and costs associated with debt modification, net of noncontrolling interests and taxes calculated using specific tax treatments applicable to the adjustments based on their respective jurisdictions. Adjusted net income attributable to Melco Resorts & Entertainment Limited and adjusted net income attributable to Melco Resorts & Entertainment Limited per share ("EPS") are presented as supplemental disclosures because management believes they are widely used to measure the performance, and as a basis for valuation, of gaming companies. These measures are used by management and/or evaluated by some investors, in addition to income and EPS computed in accordance with U.S. GAAP, as an additional basis for assessing period-to-period results of our business. Adjusted net income attributable to Melco Resorts & Entertainment Limited and adjusted net income attributable to Melco Resorts & Entertainment Limited per share may be different from the calculation methods used by other companies and, therefore, comparability may be limited. Reconciliations of adjusted net income attributable to Melco Resorts & Entertainment Limited with the most comparable financial measures calculated and presented in accordance with U.S. GAAP are provided herein immediately following the financial statements included in this press release.
